“ I recently learned of Alyce's death and I was so sorry to hear about her passing. She was such a lovely person and taught me many things about cooking, gardening and many other things that I have used so much in my life. I will always hold a special place in my heart for her and all of the family even though I wasn't in touch it never changed how I felt about her and the family. My love and prayers go out to you all as you face the many months ahead.

“ I will miss seeing dear Alice and the entire Johnson family at the nursing home. I have witnessed the steady and unconditional love you have shown all these past years during her illness there. It has been an awesome inspiration to me. May all of you find peace and rest.
