“ Grandma.....I miss you so very much but now I know in my heart that you are happy now that Grandpa is with you. I want you to know that both of you have touched my heart in so many ways. I miss you both and I am sorry that I did not have the chance to tell you just how much I love you. Special people are hard to find....but the two of you together have benn a blessing to my soul. Listen for my voice because I am still going to be talking to you all the time but now I will have two angels to visit with now. I know you must be upset with me right now because of all the tears but they will stop soon. I just wish I had the chance to see both of your eyes one last time. Please do what you both do best and protect the family. You are both my special angels. WITH ALL MY LOVE Stephanie

“ Grandma....whom I love with ALL of my heart.....I know now that you are still and always will be with me rather I can see you or not. Your love for the entire family and friends was like no one elses that I know. It helps to know that you carried my love for you with you at all times. As you did/do with everyone that crossed your path. We will miss your physical hugs, kisses and your ability to make any situation smell like a rose. I still hear your voice singing in my ears. Lets face it Grandma.....you touched so so many of us left here on earth and I can only imagine how it will feel when I see you again. I love you with every part of me. And remember that this is not the last words you will hear from me. I know I can and you know that I will talk to you every day.

With all of my Love,

Your first of many grandchildren.....

Stephanie

To the rest of my family and friends..... I love you and you are all in my prayers!

“ Delbert and Family:

I talked to Trina today and related to her that we were so sorry of Sis's passing. I know she had many years of pain and suffering.

We will not be able to attend the services but we send our love and hope to see you sometime down the road.

“ Delbert & family: Our thoughts are with you in the loss of Sis. She always had a smile and I enjoyed visiting with her whenever we got together. She had a lot of her mother in her personality. Tell your children that I can remember both of them laughing as we visited. Our prayers are with you as we cannot make it to the service.
