“ So sorry to hear about Don. We were out of state when it happened. I'll always remember his friendly smile and great personality. He used to always joke with me about having his own parking spot at the football games! He will be missed!

“ Years ago it seems I burned up the roads to and from NOV to Martin Machine Shop running prints out there and picking up finished parts. Pat and Don both out there working on our products. Then the last few years Don would stop by work and mention that everyone was new and he didn't hardly know anyone in our shop anymore. I know there are a lot of young men working for us now that would have loved to know Don and Pat. Will miss Don very much.
