“ *My thoughts and prayers are with each and every person who loves Aunt Kenetha. She was a wonderful person. She loved her family, friends, and community. She told me great stories about herself. We would laugh about things. She always welcomed me and my family into the home. She would invite us over to eat. She was a very good cook. Grandmother Newey never worried about her being able to cook for her family. She loved her family very much and told stories about each child and grandchild. She was very proud of all of her family. She was a great role model. How many people can say that their aunt offered them chocolate cake for breakfast? I have nothing but good memories of her. Thank you Aunt Kenetha for all the goodies, the stops at Braums, conversations, but most of all for loving us. I will miss you. Thank you for such great memories.*

“ I love Kennetha with all my heart and I will dearly miss her. She was like my second mother. I loved getting to spend the time with her this summer out on the porch at the lake and taking that walk down memory lane. She was a huge part of my life. My thoughts are with all of the family and especially with Bill. I love you all.
